

Reset Soft sur le modem routeur PIRELLI A1010

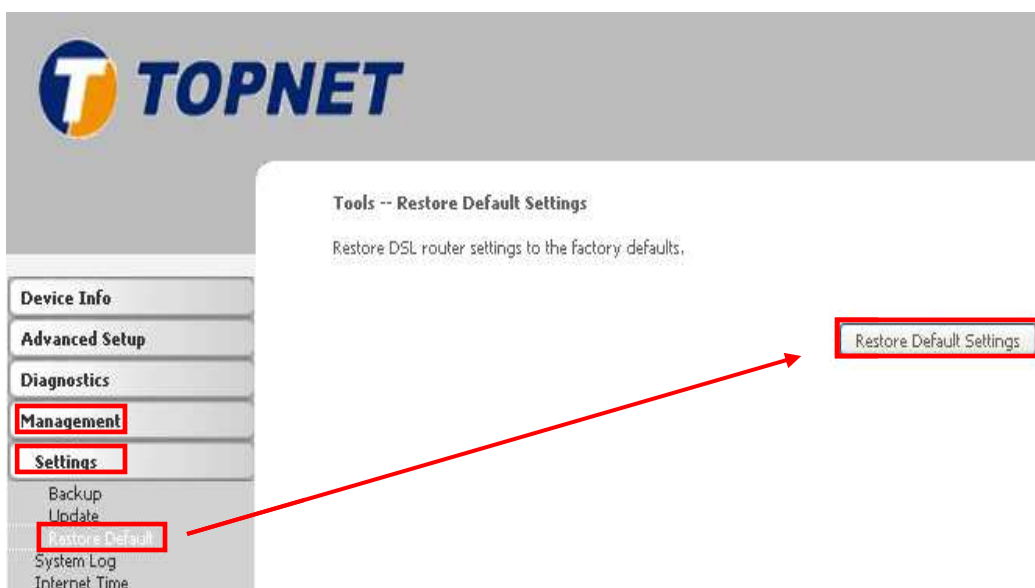

- Accédez à l'interface du routeur via l'adresse **192.168.1.1**

- Saisissez « **topadmin** » comme login et mot de passe puis cliquer sur « **OK** ».

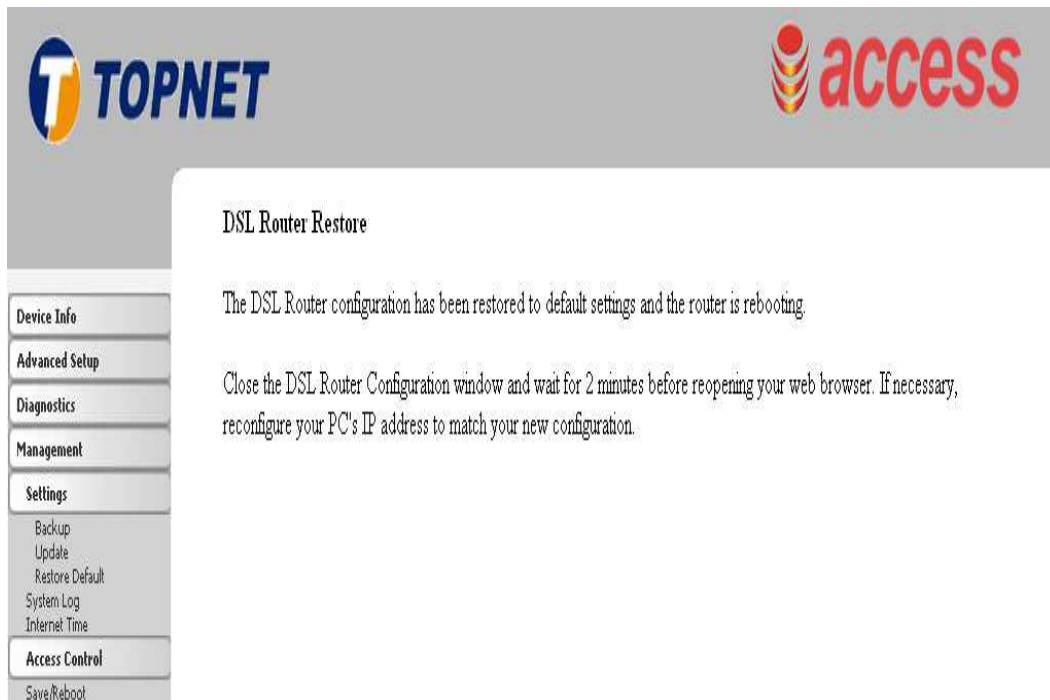

- Passez sur « **Management** », « **Settings** » puis « **Restore Default** ».
- Cliquez sur le bouton « **Restore Default Settings** ».

- Validez la **commande de Remise à Zéro** en appuyant sur le bouton « **OK** » de la fenêtre de confirmation.

- Patientez quelques minutes pendant l'opération.

The screenshot shows the TOPNET web interface. At the top left is the TOPNET logo, and at the top right is the "access" logo. On the left side, there is a navigation menu with the following items: Device Info, Advanced Setup, Diagnostics, Management, Settings, and Access Control. Under the "Settings" menu, the following options are listed: Backup, Update, Restore Default, System Log, and Internet Time. The "Access Control" menu has the option "Save/Reboot". The main content area is titled "DSL Router Restore" and contains the following text:

The DSL Router configuration has been restored to default settings and the router is rebooting.

Close the DSL Router Configuration window and wait for 2 minutes before reopening your web browser. If necessary, reconfigure your PC's IP address to match your new configuration.
